Financial Assistance Policy – School

Financial assistance is available to the families of all current and prospective pupils.

Assistance will be offered to children according to the following priorities:

1. To continue to support families currently in receipt of assistance.
2. To support families whose children are already in the school but who may not be able to remain due to changed financial circumstances.
3. All other requests.

For further details on how to apply for assistance, please contact the Head of Finance and Resources.

Families must reapply for financial assistance each year. Assistance is based on the relative needs of families who have applied and, on the funds, available. Whilst the School will make every effort to maintain financial assistance to families, circumstances may change so that receipt in one year is not a guarantee that this will be available in subsequent years.

The School respects the confidentiality of all financial assistance awarded to students and we request families in receipt of financial assistance to also keep this information confidential.
